Domus Aurea

Rivestimento antichizzante a rilievo

Old relief decor effect - Revêtement décoratif effet antique à relief

A6350000

Rivestimento decorativo di alto pregio con sfumature irregolari velate in leggero rilievo, che donano agli ambienti un aspetto prezioso ed antico. Indicato per la protezione ed il decoro di ville, appartamenti, hotel e negozi dove si vuole ottenere un effetto caldo ed anticato. Il prodotto è lavabile, idrorepellente, traspirante e previene la formazione di muffe.

Domus Aurea is a top quality decorative paint characterised by irregular shade veiled in a fine relief, such characteristic suit a precious and antique aspect to room. Thanks to its structure is suitable both to protect and decorate houses, floors, hotels, shops to have an hot and antique effect. The product is washable, water-repellent, guarantees the substrate maximum vapour permeability and aids the natural diffusion of humidity through the wall, avoiding the formation of mould.

Revêtement décoratif de haute qualité avec des nuances irrégulières voilées et légèrement en relief qui donnent aux milieux un aspect précieux et antique. Ce revêtement est indiqué pour la protection et la décoration de villas, appartements, hôtels et magasins où on veut obtenir un effet chaud et antique. Le produit est lavable, hydrofuge et transpirant ce qui permet d'éviter la formation de moisissures.

Effetto Cerato

Velatura Acrilica Cerata

Wax acrilic decor effect

Velatura a base di resina acrilica, dotata di un elevato grado di permeabilità al vapore ed idrorepellenza. La velatura cerata crea finiture sfumate di alto pregio sia cromatico che tattile. Molto adatta per atmosfere di interni caldi e raffinati.

Cerato effect is a veiled decorative covering formulated with acrylic resin. This component provides a smooth translucent watercolor effect with high water-vapor permeability and excellent water repellent ability. The wax veiled makes faded finishing with high value both chromatic and tactile. Ideal for room hot and exclusive.

IMPERO

Effetto Tamponato

Velatura silossanica opaca

Siloxanic effect

Velatura decorativa a base di resine silossaniche, dotata di un elevato grado di permeabilità al vapore e idrorepellenza. La velatura silossanica trova impiego nelle finiture decorative per interni, nella protezione e decorazione di facciate esterne.

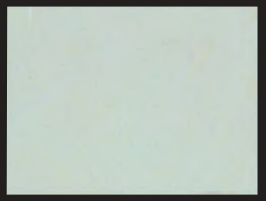

Tamponato effect is a veiled decorative covering formulated with siloxane resin. This component provides a smooth translucent watercolor effect with high water-vapor permeability and excellent water repellent ability. The siloxanic veiled is used in interior for decorative finishing and exterior for protection or decoration.

Hellenica

Rivestimento a spessore plasmabile

Mouldable coating thickness decor effect

A7418000

Hellenica è una finitura decorativa a spessore, traspirante, per interni ed esterni.
Formulata con speciali resine elastomeriche e cariche riempitive selezionate.
L'elasticità e la leggerezza del prodotto gli donano caratteristiche applicative semplici e creative dalle svariate ed incantevoli lavorazioni:
le irregolarità dei muri antichi, gli effetti travertino, la riproduzione di antichi tessuti.

Hellenica is an antique troweled effect, for interior and exterior. Formulated by acrylic copolymer resins, natural mineral selected inert, sun lights resistant pigments and special additive. The softly of the formulation gives to the product caracteristics of easily and creative application like: the irregularity of antique wall and travertino effect.
